

# MUHAMMAD AHMAD

+92 327 6031831 | Faisalabad, Pakistan | ahmedcs50x@gmail.com | [github](#) | [linkedin](#)

## EDUCATION

### Punjab College, Batala Colony, Faisalabad

ICS in Computer Science (Physics) | Expected: 2026

### Harvard University, Cambridge, MA

CS50x Certificate | 2026

Google Gemini Certificate | 2026

## EXPERIENCE

### Freelance Full-Stack Developer

Fiverr | Upwork | Freelancer.com | Jan 2024 – Present

- Developed and delivered multiple full-stack web applications for international clients
- Built 4 major projects including crowdfunding, travel booking, URL management, and link-in-bio platforms
- Designed user interfaces in Figma and converted designs into responsive, pixel-perfect implementations
- Collaborated directly with clients to understand requirements and deliver solutions on time

## PROJECTS

### Linktree Clone | React, Node.js, MongoDB, Tailwind CSS

- Built a customizable link-in-bio platform for content creators to consolidate multiple links
- Implemented user authentication, profile customization, and social media integration

### Buy Me a Chai | React, Node.js, Express, MongoDB

- Created a crowdfunding platform enabling creators to raise funds with custom goals
- Implemented payment integration, customizable pages, and donation tracking

### Travel Booking Platform | Figma

- Designed premium UI in Figma for customizable tour packages
- Built interactive booking flow from hotels to private jet charters

### URL Shortener with Analytics | React, Node.js, MongoDB, QR Code API

- Developed bulk URL shortening with custom aliases and QR code generation
- Created analytics dashboard tracking clicks, audience demographics, and link performance
